

How does your Garden grow?

All creatures great and small.

Choose an activity to complete as a family each week. You can add any photographs you take or scan any learning and then upload them to Google Classroom we would love to see it 😊

Maths

Garden Café Menu!

Worm and spider spaghetti 2p

Ladybird burger 5p

Nettle soup 4p

Daisy buns 1p

Add together 2 different items from the menu and record using a number sentence (12p+6p=18p).

Repeat.

<https://www.youtube.com/watch?v=Jeh20bU49TE>

Can you watch the video and create your own cress head? Take some pictures of your cress head growing hair!

Art

Can you make a minibeast picture using finger prints or hand prints?

Draw and label...

Can create a picture of a flower? Can you label the different parts? (stem, leaves, petals)

Can you help Arthur build a home for the animals?

<https://pbskids.org/arthur/games/animal-home-builder>

Research

Visit the library and find books about plants, gardens and minibeasts. You could look for both fiction and non-fiction books. If possible bring your favourite book(s) into school to share.

Game

Play the sequencing and ordering caterpillar game on <https://www.topmarks.co.uk/Search.aspx?q=caterpillar%20sequencing>

Can you make.....

a 3D model of your favourite minibeast
